What type of item do you want to add?

From external Source 

Please note: Files that are hosted on external sources will have a time stamp of when they were added to the group library. These files are linked, which means any changes made in the original location won't trigger notifications to the group. We currently support linked files that live on Google Drive and Dropbox only.

Title (required)

Link (required)

E.g. <https://docs.google.com/document/...> Review your sharing options of the source file, so it is accessible to group members.
