## Create a Site

By filling out the form below, you can add a site to your account. There is no limit to the number of sites you can have, so create to your heart's content — but please blog responsibly!

### Create New or Clone Existing?

An intro copy goes here to explain when this feature is useful and roughly what it does. You can only close sites you are an admin of.

☐ Create a New Site

☒ Clone an Existing Site

Please select a site

*Note: More helpful information for the user to make the right decision can go here.*

### Site Details

#### Site Domain

*Note: The domain cannot be changed once created*

.commons.gc.cuny.edu/

#### Site Title

#### Campus (required)

#### Primary Purpose (required)

### License

Choose a suitable license for your site's created content.

[Attribution-NonCommercial-ShareAlike 4.0 International](#)

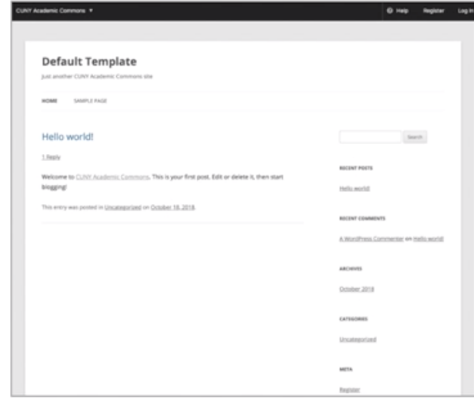

[Choose Different License](#)

### Privacy Options

- ☒ I would like my site to be completely public.
- ☐ I would like my site to be publicly accessible, but hidden from search engine results.
- ☐ I would like my site to be visible only to registered users of the CUNY Academic Commons
- ☐ I would like my site to be visible only to users I add to it.
- ☐ I would like my site to be visible only to its Admins.

### Site Layout

The cloned site will use the same layout as the site you're cloning from. These configurations are defaults only; they can be changed after your site has been created.

#### Default Template

[Default Template demo](#) (link will open in a new window)

The Blog layout is the default and provides a basic design for getting started with a website that features regular posts and content updates. It's a popular design for blogging, reflecting on scholarly work, or sharing regular news updates.

No plugin packages are included.
