 <a href="#">All CUNY Masters Programs with Fall 2015 Head Counts (73k)</a>  This is a spreadsheet sorted by head counts of students registered following an academic plan for a masters program at one of the senior colleges. The list was generated from CUNYFirst so masters programs at the Graduate Center were not available. The idea is to use this resource to target programs that could teach in the CUNY Academic Commons.	<a href="#">Michael Branson Smith</a>	11/06/2011
