Hi Boone -- FYI, I am still getting the new invite modal when I go to Network Admin > Users > Add New

Sorry, the message above (#3) was intended to be posted on another ticket. The current issue has not yet been resolved.

- Status changed from Assigned to Resolved

I've fixed this (for real this time) in <https://github.com/cuny-academic-commons/cac-onboarding/commit/faa5510880538dec14caf065d2446f3afd4dfbf>. The modal is no longer triggered by clicks in the Network Admin. If you're in the Network Admin and you **want** to use the modal, you'll need to leave the Network Admin to do so.

This will be live after today's release.
