Description			
Hi Boone.			
We need to repost a reminder on the account sign-up page about needing a CUNY email address to register for the site. Any possibility of doing this before tomorrow's event?

Added. See <http://commons.gc.cuny.edu/register> (must be logged out). Let me know if the text is OK.

Cool, and thanks. But if we can add that reminder just above the email textbox, that would be even better.

I still think the reminder should appear just above the text box or even with the text field as text that disappears when one clicks inside and starts typing.
