

CUNY Academic Commons - Bug #11243

Audit bp-custom.php

2019-03-20 12:10 AM - Raymond Hoh

Status:	New	Start date:	2019-03-19
Priority name:	Normal	Due date:	
Assignee:	Raymond Hoh	% Done:	0%
Category name:	BuddyPress (misc)	Estimated time:	0.00 hour
Target version:	1.19.0		
Description			
Over the years, we've added a lot of code to our BuddyPress custom code file - bp-custom.php.			
Some of that code is no longer applicable to the Commons today. It's time to trim the fat for 1.15!			

History

I've done the following so far:

- Remove older references to bbPress v1 - <https://github.com/cuny-academic-commons/cac/commit/a7e0f2a95724ce575e41d317f62469757164484b>
- Remove oohEmbed - <https://github.com/cuny-academic-commons/cac/commit/f24bf431472d14cb04a21d549a862e011ca83f84>
- Remove 'foratv' shortcode - <https://github.com/cuny-academic-commons/cac/commit/ce96febdc58f6af4fc3e1e5e41b1e9b04a55c4a1>
- Remove older hotfixes that have been addressed in newer versions of BuddyPress - <https://github.com/cuny-academic-commons/cac/commit/ce11f27ef887c1fd7e4961edf55e82aada6be18b>

bbPress v1 is no longer in use on the Commons and both oohEmbed and ForaTV's websites no longer exist.

I'll do one more sweep of the bp-custom.php file in the next week or so.

- Target version changed from 1.15 to 1.16

Let's do another concerted sweep for 1.16.

Hi guys,

I'm not sure if this bug is related to this thread but when I went to edit

<https://oirap.commonscs.cuny.edu/applications-admissions/cas-freshman-application-data/>, I saw the attached error message. When I clicked on the link, I received a "Sorry, you are not allowed to access this page." error message. Note that we do not use email functionality on that (or any) page on that site.

BTW, in the nearly 11 months since rolling out the OIRA Wiki to the larger CUNY community, everyone LOVES it! Thank you so much for all of your support last spring and summer as I worked to get things up and running. I couldn't have done it without this fantastic team!

That's so fantastic to hear, Michael -- thank you for letting us know!!!

#6 - 2019-04-24 10:17 AM - Boone Gorges

Thanks for reporting this, Michael. The issue you've noted is unrelated to the bp-custom.php changes in this ticket, but instead comes from some unrelated plugin updates in yesterday's maintenance release. I've made the necessary changes to ensure that you'll no longer see this notice. (See also <https://github.com/boonebgorges/buddypress-group-email-subscription/issues/174> for the distribution plugin.)

Thank you, Boone. I confirm that I'm no longer seeing that message.
