

CUNY Academic Commons - Bug #12140

Fixing Size/Contrast of "Recently Active Text"

2019-11-25 11:29 AM - Laurie Hurson

| Status: | Resolved | Start date: | 2019-11-25 |
| Priority name: | Normal | Due date: | |
| Assignee: | Boone Gorges | % Done: | 0% |
| Category name: | Accessibility | Estimated time: | 0.00 hour |
| Target version: | 1.17.0 | | |
| Description | | | |
| The recently active text on the Commons home and directory pages throws an error on the WAVE Accessibility tool because the text is "very small". If this text could be made slightly larger and increased in contrast (made black instead of gray) this text would be more accessible for users on the Commons. | | | |

Thanks, Laurie.

Sonja, the attached screenshots show the current appearance, and the proposed appearance: color changed to #000 and font-size to 11px (the minimum not flagged as "too small" by WAVE). What do you think of this proposal?

Thanks Boone, yes that works. Please implement.

For the redesign, we'll look at the accessibility of text and other elements, especially color contrast, since I'm sure there are many such cases where we don't pass.
