

CUNY Academic Commons - Bug #12671

Creative Commons License Not Available With Block Editor

2020-04-17 01:22 PM - scott voth

Status:	Resolved	Start date:	2020-04-17
Priority name:	Normal	Due date:	
Assignee:	Raymond Hoh	% Done:	0%
Category name:	WordPress Plugins	Estimated time:	0.00 hour
Target version:	1.16.10		

Description

When creating a page or post using the Block Editor, there is no ability to choose a creative commons license, and no license appears. If you then switch to Classic editor, the license appears. When you switch back to Block Editor, it is still displayed.

I think the Block Editor should show the license options.

John DeLooper reported that when he changed from Classic to Block Editor, the license stopped displaying - but I have not been able to reproduce this. His site is <https://lehmanoer.commons.gc.cuny.edu/>

History

#1 - 2020-04-17 03:31 PM - Raymond Hoh

- Category name changed from WordPress (misc) to WordPress Plugins
- Status changed from New to Assigned
- Target version set to 1.16.10

Thanks Scott. Looking into how hard it would be to integrate the license chooser into the Block Editor.

#2 - 2020-04-20 01:44 PM - Raymond Hoh

- File license-gutenberg.png added
- Status changed from Assigned to Staged for Production Release

I've added support for the Block Editor - <https://github.com/cuny-academic-commons/cac/commit/1c5d29edc99ae287685e6df1f59142cc98f7c702>

This will be available for the next maintenance release. This is what it looks like:
