The specific theme linked is quite old, not having been updated in 7+ years. See <https://github.com/alliswell/Less>

On the wordpress.org plugin repository, I see a theme that appears to be a refresh of Less <https://wordpress.org/themes/less-reloaded/> Could you have the user look at this theme to see if it's similar enough to warrant inclusion?

Yes, he would like that theme. Thanks!

Sounds good. We'll include it in the next release.

Could I please get the URL of the site(s) where the theme should be enabled?
