- Subject changed from Commons Profile issue to 'Digital Research Tools' profile nav item is cut off

- Status changed from New to Staged for Production Release

This was a result of the tapor-client migration. The CSS selectors changed. I've applied the necessary changes in <https://github.com/cuny-academic-commons/cac/commit/02db89a9574cb7ed371530a5e7524e147b4ce22b>
