Description			
<p>At the end of #14242, I was asking about grid themes. I've thought for years that I was the only one who liked a busy blocky layout (as if it were a physical old-fashioned bulletin board like you'd see in coffee shops in the 80s) but given that https://lailac.commons.gc.cuny.edu/ looks like that, I think there may be a demand/</p> <p>Boone, going to Automattic then the wordpress.org theme repository allowed me to get here - https://wordpress.org/themes/tags/grid-layout. Do we have or can we try any of those? BlogLife and Occasio looked pretty good to me. But I'm open to anything that allows for 3 or more columns. Thanks!</p>

Blog Life looks like it's well-maintained <https://wordpress.org/themes/blog-life/>

Marilyn, can I install it in the next version and make it available on a specific site for you to test?
