Description

Boone -

We've had a ticket going on Zendesk for a while. A user wants to be able to share the infographic on this page to social media. (He notes "Just the infographic and not the whole page"<https://csasupport.commonscs.cuny.edu/advocating-and-educating/>)

Scott has looked it this without success. Maybe this plugin would help - <https://wordpress.org/plugins/share-this-image/>?

Can it be made available to him?

Matt is cc'd here in case more info is needed.

If it's just the user who wants to share the image, why not just paste the image URL into Twitter etc? Or maybe the point is that the user wants visitors to have a one-click way to share.

Anyway, plugin looks fine so I added it in <https://github.com/cuny-academic-commons/cac/commit/97ed92d6e1f22e254712ba442079c11752d065ea> and it will be part of today's release.
