

CUNY Academic Commons - Bug #1486

Blog Tag in Group

2011-12-20 10:04 PM - scott voth

Status:	Resolved	Start date:	2011-12-20
Priority name:	Normal	Due date:	
Assignee:	Boone Gorges	% Done:	0%
Category name:	BuddyPress (misc)	Estimated time:	0.00 hour
Target version:	Not tracked		
Description			
I noticed that when I am in a group (for example QCGSLIS), and I click on "Blog" - it used to take me directly into the group blog. Now it seems to display the posts of the group blog within the group display. See attached. New feature or bug??

- Status changed from Assigned to Resolved

It's a feature of the plugin that I guess I had to turn off manually. Should be fixed now.
