

CUNY Academic Commons - Bug #1667

Old blog post reappeared in activity stream

2012-03-01 07:06 AM - Sarah Morgano

Status:	Resolved	Start date:	2012-03-01
Priority name:	Normal	Due date:	
Assignee:	Boone Gorges	% Done:	0%
Category name:	BuddyPress (misc)	Estimated time:	0.00 hour
Target version:	1.3.9		
Description			
I noticed that one of the Ground Control posts from January appears in the activity stream on the homepage and news page: http://groundcontrol.commons.gc.cuny.edu/2012/01/01/the-commons-adds-a-social-layer-to-open-access/ . It says that it was written 9 hours and 52 minutes ago, but when I click on it the post says that it was published on January 1, 2012.			

History

#1 - 2012-03-01 10:25 AM - Matt Gold

- Category name set to BuddyPress (misc)
- Status changed from New to Assigned
- Assignee set to Boone Gorges
- Target version set to 1.3.9

#2 - 2012-03-12 10:17 AM - Boone Gorges

This was fixed in BP trunk a while back but not applied to the 1.5 branch. See <https://buddypress.trac.wordpress.org/ticket/3746> and <https://buddypress.trac.wordpress.org/changeset/5562>. I have manually applied <https://buddypress.trac.wordpress.org/changeset/5562> to our BP installation.

Fixed in <https://github.com/castiron/cac/commit/0354a5d4157ef3d07744f424dec706bac3a4d359>
