Thanks, Brian. This is related to <http://redmine.gc.cuny.edu/issues/1660> . We're about to disable this password-protection tomorrow (see <http://redmine.gc.cuny.edu/issues/1679> ), but this is a good catch -- thanks. Assigning to Boone for now.

Don't be sorry -- this was a good catch and the issue will be helpful to know about if we do this again.
