

CUNY Academic Commons - Bug #223

Uploaded Group Document Failed to Create Email Notification

2010-05-07 09:40 PM - Matt Gold

Status:	Resolved	Start date:	2010-05-07
Priority name:	Normal	Due date:	
Assignee:	Boone Gorges	% Done:	0%
Category name:	BuddyPress (misc)	Estimated time:	0.00 hour
Target version:			
Description			
Before the upgrade, documents uploaded to groups created nice email notifications that included a variety of links (such as one to download the document directly). George uploaded minutes of today's CAT meeting to the CAT group http://commons.gc.cuny.edu/groups/cuny-committee-on-academic-technology-62702785/home/ but no notification resulted.

Not sure what caused the problem, but I just upgraded the plugin and notifications seem to be working again. Please test.

I saw your test (thanks for the info on Stack), so let's consider this closed unless it happens again.
