<b>Target version:</b>	Not tracked		
<b>Description</b>			
<p>I've been receiving two notifications of every post from the commonsinabox.org groups I've joined. Is that because of a BbPress checkbox/GES issue? And is that what others are complaining about here (though that thread is about daily digest, and I'm receiving two copies of every notification in non-digest mode)?</p> <p><a href="http://commonsinabox.org/groups/help-support/forum/topic/duplicate-content-in-group-daily-digests/">http://commonsinabox.org/groups/help-support/forum/topic/duplicate-content-in-group-daily-digests/</a></p>

- Status changed from Assigned to Reporter Feedback
- Target version set to Not tracked

Hi Matt. Have you noticed whether this is still the case? I'm hopeful that recent upgrades to the constituent software have eliminated these sorts of issues.

#### #2 - 2013-03-20 01:32 PM - Matt Gold

I have not noticed it lately. Happy to have this closed now and reopened if it reoccurs.

#### #3 - 2013-03-20 01:45 PM - Boone Gorges

- Status changed from Reporter Feedback to Rejected

Sounds great. Thanks, Matt.
