Description			
Attached is a new Wordpress theme for the Journal of American Drama and Theatre(JADT) that we are moving to the Commons. Please make this only available to http://jadt.commons.gc.cuny.edu/			
In addition, I have included an update to the European Stages theme that already exists on the Commons.			
It would be great if these could make it into the January 11th Commons update as we plan on using them next week. Thanks.			
We will be making VHOST redirect requests for both of these sites at a later date.			
Cheers Kimon

ES theme updated in <https://github.com/castiron/cac/commit/398181d703b59df4548ba0271488f60ef8928a38> Kimon, just to verify: it looks like the update consisted of a single CSS style declaration. If it was more substantial than that, let me know and I'll try to figure out what I missed.

Just one CSS declaration. Nothing else to see :)

Thanks for verifying :)

The JADT theme looks good, and will be in today's release. (I got caught up yesterday, so it's coming out a day late - my apologies.)
