| Hi Sarah -- | | | |
| I spoke to the people organizing the CUE conference yesterday, and one of the questions they had was about how they can publicize their conference on the Commons. I said that one thing the Commons team could do was to put together a list of groups they could post an announcement to. | | | |
| Would you be willing to put together an initial list of groups, with a deadline of 2pm tomorrow? | | | |
