Description			
There's a "Top" Link on many pages; the link is there but the image (an up arrow) is missing. Please put the image in every "top" link.			

History

#1 - 2014-03-11 10:55 PM - Boone Gorges

- Status changed from New to Reporter Feedback
- Priority name changed from Immediate to Normal

Can you please give specific examples? I'm unsure what you're talking about.

Boone try the following link :

<http://chineseindian.org/life-in-india/>

Go to the Footer section. On the right side you will find a link "TOP". We place an image, an "up arrow" there with a hyperlink. That "Up Arrow" is missing.

If you are still confused, please try the following link of our test server as reference:

- Category name set to WordPress Themes
- Status changed from Reporter Feedback to Resolved
- Assignee set to Boone Gorges
- Target version set to 1.5.21

Thanks for the clarification, Sujay.

This happened because, for organizational reasons, I had to change the name of the theme from 'discover' to 'chineseindian.org', but the path to this image was hardcoded. I've swapped out the hardcoded link for:

```

```

This'll go live in our next update on the 21st.
