Category name:	Public Portfolio	Estimated time:	10.00 hours
Target version:	Future release		
Description			
Wondering whether we can add an indent/outdent buttons to the Profile editing interface. For a test use case, see the blurb under DHDebates on my profile in the Publications area: http://cuny.is/mkgold			

History

- Target version set to Future release

- Estimated time set to 10.00 h

The library we use for the rich text editing does not appear to have any indent features built in: <https://github.com/bergie/hallo/blob/master/dist/hallo.js>
To add this would mean building a plugin for the editor from scratch. I'll put this ticket in future release.
