Description			
I just tried to edit the following doc and it said it was locked by Marilyn, who updated it yesterday: http://commons.gc.cuny.edu/groups/cac-community-team-project-planning/docs/team-vacation-schedules/			
It gave me the same message on IE and Chrome (screenshot attached)

It doesn't look locked to me, but I wanted to leave it as is so that you could take look, Boone.

Doesn't look locked to me either. Sarah, could you verify?

Well, it's locked to me. Not sure how to verify.

#4 - 2014-07-16 12:46 PM - Sarah Morgano

I've logged out and logged back in and tried on another web browser and I still get that message.

Ah, the message only showed up after clicking the Edit tab. Not sure what's up. I've manually removed the lock.

I'm assuming this is a fluke, but if it comes up again, please reopen with details.
