#### Description

From Maura:

Hiya, it looks like the CUNY Games Network site is down -- <http://games.common.gc.cuny.edu/>. I'm getting this error when I go there:

This site has been archived or suspended.

I am able to see the site through my admin account, but when I look at it in a private browser window, I see the error message Maura describes.

- Target version set to Not tracked

Sorry, this was an unintended result of investigation into #3476. I've unspammed the blog.
