Target version:	1.1		
Description			
<p>A member has requested that we add a plugin that will exclude certain categories from the front page of a blog. She noted these two on the repo, though she hasn't used or tested either one:</p>			
<p>Front Page Category http://wordpress.org/extend/plugins/front-page-category/</p>			
<p>Simply Exclude http://wordpress.org/extend/plugins/simply-exclude/</p>			
<p>I seem to remember one called "Category Exclude."</p>			
<p>I told her that this would be included in the next site update.</p>			
<p>After uploading the ticket, I would like to email her to tell her that the plugin is installed, so please don't close the ticket until I have had a chance to do so.</p>			

History

- Status changed from Assigned to Resolved

I added Front Page Categories in <https://github.com/castiron/cac/commit/2c76e50c1286aa7db0d906572e198854a238803e>

It will go live with Commons 1.1.
