<b>Target version:</b>	Not tracked		
<b>Description</b>			
<p>I'm having a problem with the new DiRT plugin. Here is what is happening:</p> <p>I added the DiRT Directory client to NYCDH, a multisite install running CBOX</p> <p>I network activated the plugin</p> <p>once network activated, I saw "Digital Research Tools" in the sidebar of a group</p> <p>I clicked on it and saw a link to "Explore more tools from DiRT on the Digital Tools Directory." The link went here - <a href="http://nycdh.org/tool/">http://nycdh.org/tool/</a></p> <p>When I clicked on the link, I hit a blank page</p>			

#### History

##### #1 - 2015-03-20 08:32 AM - Boone Gorges

- Subject changed from *DiRT Directory Plugin issue* to *DiRT Directory 'tool' directory shows blank page*
- Status changed from *Assigned* to *Reporter Feedback*

Try flushing your permalinks. Dashboard > Settings > Permalinks, then resave your existing settings.

It may be best in the future to keep plugin-specific bug reports to the plugin repo <https://github.com/cuny-academic-commons/dirt-directory-client/issues/> but it's your choice.

##### #2 - 2015-03-20 08:47 AM - Matt Gold

- Status changed from *Reporter Feedback* to *Rejected*

Sorry! Just moved the issue over there.
