Description			
Hi,			
I'm the Social Media Fellow for the Art History Department and would like to make a child-theme for Bridge, which I'm using for the AH Commons website: http://gcarthistory.commons.gc.cuny.edu . However looking around online, it seems like I'd have to pay for the theme .			
Is there anyway I can get a free copy to child-theme with thru the Commons? I'm assuming we've already purchased a licensed copy...			
Thanks, and my apologies if I've put this in the wrong tracking group!
