Description			
Explore ways to make the Profile Page more dynamic. Add RSS feed functionality so that content from blogs can be publicized here. Option to add a member's Twitter feed. Add a free-form text field (with limited html functionality) that allows a member to more fully describe him or her self. Change the existing social media hyperlinks to icons with changeable title - maybe the default title could be "Find Me Online:". Explore themes and templates for the Profile Page that will allow users to make their profile unique.
