<b>Description</b>	
Hi Ray,	
I recently posted something to an NYCDH forum, but the email notification did not note the presence of an attachment. I know we have that on the CUNY Academic Commons and I thought we had it on CBOX, as well. Did we? And if so, was it overwritten by a recent change in BBPress, CBOX, or BuddyPress?

- Status changed from Assigned to Resolved

For NYCDH, we copied this functionality over from CAC. Since there were some updates to this code in CAC, NYCDH did not receive the fix. I've just ported over the most recent changes, so attachment links should show up in email notifications again.

As for if this functionality is in CBOX or not, it is not. I can add it to CBOX if you want. It's not that many lines of code.

##### #2 - 2016-04-15 12:19 PM - Matt Gold

Thanks, and yes, please do add to CBOX! Many thanks
