

CUNY Academic Commons - Bug #5890

Commons user profile erroneously indicates a group for a member

2016-08-11 07:50 PM - Matt Gold

Status:	Resolved	Start date:	2016-08-11
Priority name:	Normal	Due date:	
Assignee:	Boone Gorges	% Done:	0%
Category name:	Commons Profile	Estimated time:	0.00 hour
Target version:	1.9.24		
Description			
<p>I'm looking at a member with my admin account and it shows that the member is part of one group. When I clicked on "Groups," though, there were no groups to be found. Not sure whether this has to do w/my admin view or not, though. Please see the attached screenshot</p> <p>http://commons.gc.cuny.edu/members/smallotra/?commons-profile=1</p>			

History

#1 - 2016-08-11 11:53 PM - Boone Gorges

- Status changed from Assigned to Resolved
- Target version set to 1.9.24

The 1 here represents a pending group invitation for the user. It was introduced in <https://github.com/cuny-academic-commons/cac/commit/adce320b13ce8687cf4f78e3826fa52c84772b2f>, along with a similar count for the Friends nav item, as part of [#4210](#). The issue is that this modification should only happen when viewing one's own profile.

Fixed in <https://github.com/cuny-academic-commons/cac/commit/94b1f760ad179462c4dd993ea5aad2aa4d6746db>
