Description

Two issues to consider for the roadmap: <http://roadmap.common.gc.cuny.edu/>

1. Better integration of Groups and Blogs
2. Folders for the files section

I know I can add these items to the map myself, but I'd prefer to see where you would slot them. I would urge you to put the folders visualization as high up as possible.

I have added (2).

I came away from yesterday's meeting not really knowing what you meant by (1). Please open a ticket, or find an existing ticket, with a description of the issue, and I will consider it from there.
