Description

As we proceed toward the launch of JITP Issue Ten, we're combing through all the pages and making sure everything appears to be in order. And, of course, finding a few things here and there that aren't.

In the filebase relevant to shortcode [jitp-morethanassessment], added in <https://github.com/cuny-academic-commons/cac/commit/3ca8e981b5d32f970f80c649d1a312deb4ca0013> as part of <https://redmine.gc.cuny.edu/issues/5792>, three links have the wrong capitalization. The easiest fix, I believe, would be to change uppercase *.JPG to lowercase *.jpg in these three files:

- JITP-Bartlett-et-al/imgs/bio-reflective-example.JPG
- JITP-Bartlett-et-al/imgs/student-support-2.JPG
- JITP-Bartlett-et-al/imgs/cohort-working.JPG

This would avoid having to find and edit the html on separate pages, by simply matching the filenames to the ones expected by the existing html.

Many thanks!
Ben

Hi Ben - I've applied the changes on the production server. Can you verify?

These three look great. Thank you!

Maddeningly, we just found one more broken image that was masked by being directly adjacent to an image with a white background and text at the top. Same problem, same folder:

- JITP-Bartlett-et-al/imgs/eng-about.JPG --> JITP-Bartlett-et-al/imgs/eng-about.jpg

Ugh, kicking self. (So many times, it seems...)

Please, in the words of Willie Wonka, "strike that; reverse it":

In this case, it's the capital JPG that works.

- JITP-Bartlett-et-al/imgs/eng-about.JPG <-- JITP-Bartlett-et-al/imgs/eng-about.jpg

#5 - 2016-11-15 10:50 PM - Boone Gorges

There is already a file called eng-about.JPG, and none called eng-about.jpg. So there's nothing for me to do?

Figured it out: in a haze of sleep-debt, I got turned around. (I even mis-posted this response, within minutes, to the do-not-reply address, and didn't realize until a delivery-failed notification just arrived. It was a bad night.) When you get a chance, can you please just toggle the capitalization, as originally requested?

- JITP-Bartlett-et-al/imgs/eng-about.JPG --> JITP-Bartlett-et-al/imgs/eng-about.jpg

Grateful and embarrassed,
Ben

Dear Boone,

Another set of eyes, another set of missing images. I'm very sorry we didn't find all these in one clean sweep! When you're able to, would you please change the names of the following three images, in the same way as before?

- JITP-Bartlett-et-al/imgs/ahead-banner.JPG
- JITP-Bartlett-et-al/imgs/sv-banner.JPG
- JITP-Bartlett-et-al/imgs/ref-banner.JPG

We also have an updated CSS file, attached. Could you replace it at the following location?

- JITP-Bartlett-et-al/stylesheets/style.css

Very gratefully,
Ben

The files have been renamed as requested. These and the previous renames are collected in the changeset <https://github.com/cuny-academic-commons/cac/commit/6507e8bb4d961305e90edd68ec9b3dbf122f5011>

The stylesheet has been updated in our repo and will be deployed in the next hour or so, as part of the 1.10.2 release. <https://github.com/cuny-academic-commons/cac/commit/22cfa864d65b92854ade9b9047f8a317cbe43866>

I'm going to close this ticket in order to clear out my milestone. If you have further issues, please open a new ticket. Thanks.
