#### Description

The first link in the section "How Can Groups Use the Commons?" FAQ on <http://codex.commonsc.gc.cuny.edu/> gets a 404, and the second link in that FAQ goes to Old Help... probably worth a systematic review of the FAQs to make sure the links are true?

Also... given that the Commons is different from the one we documented in the video tour (My Commons, Profiles, etc), do we want to think about downloading that video on our homepage? adding some context to the video? modifying?

Hi - I have fixed the links. Thanks for letting us know. Yes, I think we should update the Tour. Leaving this open for now.
