Description			
This is similar to https://redmine.gc.cuny.edu/issues/5799			
I'm the admin of some sites that I no longer need to be involved with. The sites shouldn't be deleted, but when I try to remove myself, I get an error message saying "The current user will not be removed. There are no valid users selected for removal." (see attached screenshot).

Hi Marilyn,

I've removed you from all the sites you mentioned in your initial post. Let me know if you have any other sites you would like to be removed from.
