Description I (Marilyn) can only log into cdev as teststudent, but not as mweber. I brought it up years ago but then forgot, but now Steve would like me to accept an invite to his site in the cdev environment. Boone, can you add me? Thanks!

Can you please say more about how you're unable to log in? I see an mweber account on cdev - are you just unsure of the password? If so, you should be able to go through the normal password-reset process on cdev.
