Description

Can we remove the phone number on this profile - <https://commons.gc.cuny.edu/members/mnikehasani/>?

A week ago she wrote to Zendesk - "I don't want my phone number to be visible to everyone. Please take that info out, I am having issues because of that"

I suggested that she log in to remove it herself, but I see that she hasn't been active in a year.

I just send her a reminder to reply.

- Target version set to Not tracked

I've changed the visibility level of the profile to 'Only Me', so it's no longer publicly viewable.

Please reopen if there's anything else you need from me.
