Target version:	1.13.4		

Description

Stefano Morello writes:

Dear AC team -- below is my request to install a plugin that acts as a companion for the OneTone theme that I am currently using on the CCDA website (www.cuny.is/CCDA)

Please let me know if more details are needed.

Grazie mille!

- What's the name of the plugin/theme?

OneTone Companion (https://commons.gc.cuny.edu/wp-admin/network/update.php?action=install-plugin&plugin=onetone-companion&_wpnonce=5ed417ee91) plugin

- In a few words, what does it do?

Provides more option for the OneTone Theme currently installed on the Commons

- How is the plugin/theme different from what's already provided on the Commons?

Nothing of the sorts is currently provided

- What's the potential impact? Who will use it?

Potentially any site that uses the OneTone theme

- Who initially made the request

Stefano Morello, working on a project for Steve Brier

- Who is the plugin author?

MageeWP

- Say a little bit about the release history and popularity of the plugin. How many times has it been downloaded? When was it last updated?

Last updated a month ago, over 10,000 active installations, the MageeWP team is quite pro-active in updating their themes and plugins, and in providing support.

History

#1 - 2018-06-25 12:41 PM - Boone Gorges

- Assignee set to Raymond Hoh

- Target version set to 1.13.4

For reference, the plugin URL is <https://wordpress.org/plugins/onetone-companion/>

Ray, can you remind me whether we have a technique for showing a plugin only when a certain theme is active? Or perhaps we should auto-activate this plugin when the OneTone theme is being used?

#2 - 2018-06-25 01:55 PM - Raymond Hoh

Ray, can you remind me whether we have a technique for showing a plugin only when a certain theme is active? Or perhaps we should auto-activate this plugin when the OneTone theme is being used?

Yes to both. See <https://redmine.gc.cuny.edu/issues/4966#note-18>

I can make sure that the onetone-companion plugin is auto-activated when the onetone theme is enabled.

#3 - 2018-06-25 04:55 PM - Boone Gorges

I can make sure that the onetone-companion plugin is auto-activated when the onetone theme is enabled.

Yeah, this seems like the best way forward. Thanks!

- Status changed from New to Staged for Production Release

onetone-companion plugin added in <https://github.com/cuny-academic-commons/cac/commit/c5ec9e2685851581d43cbc675deea24c1b349809>

Also, added onetone-companion plugin to the onetone theme activation routine here - <https://github.com/cuny-academic-commons/cac/commit/6f1acdb24e48e0637ac93efc7eb9c53382ad6eaf>

After the next maintenance release tomorrow, the onetone-companion plugin can be manually enabled on sites where the onetone theme is already active. If another site activates the onetone theme, the onetone-companion plugin will be automatically activated as well.
